WHO WE ARE ?

Pan Gulf International is a forward looking company focusing on developing solutions and rendering expertise in all spheres of construction activities. PGI is a private company, with its head office situated in Jubail, KSA, it caters its services to numerous cities in the Kingdom. Over the years, PGI has sustained an impressive steady growth, reaching quality milestones and gaining spectacular reputation with its services in The Royal Commission Projects, entire SABIC affiliates, Ma'aden, Saudi Aramco and various petrochemical Private Sectors. In a short span of time, PGI has established itself as a trusted company, with focus on time efficiency and unmatched quality based project completion.

Services we render :

We offer mechanical construction, lifting & heavy equipment rental, Civil Construction, Electrical & Instrumentation, Plant maintenance & Turnarounds management, engineering, design-build, and planning services for projects of all sizes, from a single office fit up to petrochemical projects valued over Millions! We also handle refurbishment projects in addition to new ones.

The PGI team :

We possess a great team of highly skilled professionals, dedicated to make a difference in this world with their impeccable knowledge, we pride ourselves in such multidisciplinary estimating group that makes use of leading-edge technology. Our team of employees hail from every craft and expertise in the field, allowing us to combine innovative construction methods and time efficient & accountable project management to not just get the job done, but to get it done just right.

Training and safety programs :

We conduct regular training programs aimed at enhancing their skills and making sure the entire workforce is in tune with the latest technologies, including nationally recognized safety programs that has consistently outperformed the Industry expectations. We have proved ourselves as a company that keeps safety as a top priority and undertake every measure to maintain it.

Client satisfaction :

We provide professional client-focused construction solutions. As an employee-owned company, we go above and beyond on every project and deliver on our promises with utmost integrity. PGI shares over 3 decades of industry leading excellence with every client we meet. We assure our clients with utmost confidence that working with us, we'll leave no room for complaints, only for more projects. Let's work for a better tomorrow, a better world for you and us.

MESSAGE FROM GM

A company's success, lies entirely on the hard work, tenacity and dedication of the entire team, and I am pleased to welcome you to a company whose backbone is entirely such a team. Pan Gulf International has been an exact portrayal of the quote, "Together, we can reach heights!"

Over the years since its establishment, Pan Gulf has delivered best performance, reaching many prosperous milestones and earning a valued reputation in KSA. Thanks to the Almighty and toil of our dedicated employees, we hold many achievements under our belt. Aiming to keep quality and safety as our key priorities, we emphasize on the importance of teamwork, pushing ourselves to do better than yesterday while keeping in mind the welfare and satisfaction of our employees.

We pride ourselves for always completing the given projects on time, with utmost efficiency and quality based service. We have had a good record of customer satisfaction where we have been approached by our valued clients multiple times, credit of which goes to our impeccable service and professionalism.

We have been very blessed to have loyal and competent employees, supportive dealers, understanding suppliers and above all, ever helping Almighty. With these qualities blended together, sound management, clear direction and a modern approach to our work, we have successfully reached the platform we are at today.

We look forward to be a global leader in construction of petrochemical and refinery plants, extending our services to hearts near and far away. The journey of Pan Gulf is never ending, but with the help of my brilliant team and clients, I am confident that the company will continue to scale milestones of excellence for years to come.

General Manager
Ismail Ullal

COMPANY POLICIES

HSE Policy

Pan Gulf International is committed to safeguarding the health and safety of its employees and stakeholders. In addition to this, we also make it our top priority to reduce the affects our nature of work can have on the environment. We are dedicated to implement the HSE according to OHSAS 18001:2007 (OH&S)

To achieve these goals, all levels of our organization and subcontractors adhere to the following commitments:

- Creating a safe and healthy workplace, while continually practising good hygiene and sanitization of self and workspace.
- Minimizing the impact on the environment, by using the most environmentally approach to our work, keeping a keen eye out on the latest environment friendly innovation to make our work easier and eco friendly.
- Minimizing disruption in the daily life of people and society.
- Complying with legal requirements (local, national and international), and clients' HSE requirements.
- Formulating, updating, and implementing suitable and creditable models for the Company's HSE management system.
- Providing training for managers and supervisors and securing their active participation in the implementation of basic HSE principles. We maintain the practise of these principles with regular inspections.
- Training and encouraging personnel at all layers of our organization and encouraging them to abide by basic HSE principles. Providing training for subcontractors and encouraging them to comply with basic HSE principles.
- Recording, investigating, and researching near misses, accidents and hazards and their causes in order to eliminate them, and, if not possible, minimize the possibility of their recurrence.
- Continually improving the performance of our Company's HSE management system, thereby maintaining a safe haven for the workers and associates.

QA/QC Policy

Being a socially accountable organisation, PGI is committed to conduct business with candor, righteousness and utmost respect for our stakeholders. We have in the past, and will in the future, consistently strive to provide outstanding service, in the area of quality management for the benefit of our clients.

PGI is wholly dedicated to a justified implementation of the Quality Management System according to ISO 9001:2015, which leads to continual improvement of our quality and business management processes, this accredited certification includes aspects specific to Mechanical Construction, General Civil Engineering, Specialist Structural repairs, Drilling, Grouting, Painting, Fabrication and Erection of Steelwork, Ground Stabilisation, Cable tray, Steel Structure Fabrication and erection, Pipe Fabrication and erection and Hydro testing.

The PGI Management is committed to:

Enhance customer satisfaction

Make complete use of the abilities of the workforce and of latest innovative technologies, for the common benefit of the organisation.

Ensure that the suppliers/ subcontractors relationships are well maintained, while promoting mutual benefits and assurance of complete satisfaction in business dealings.

Comply with all legal requirements, codes of practices, industry standards and requirements.

Establish certain realistic quality targets, so as to ensure the quality requirements are met.

Regular reviews on the quality objectives, and reporting on the Internal audit results as a means of monitoring and measuring the processes and the effectiveness & suitability of the Quality Management System and objectives set.
